

## DRSV CLIMBING WALL - Children's Climbing Course Consent Form Parent / Guardian

Association of British Climbing Walls (ABC) climbing participation statement below:

*"All climbing activities have a risk of serious injury or death. Participants must recognise that even if they follow all good practice there may still be the risk of accident and injury. It is the responsibility of the participant to adhere to the conditions of use."*

Dear Parent/Guardian,

Climbing (with ropes) and bouldering (without ropes) are physically demanding activities that have inherent hazards associated with them. All activities will be led by an instructor who has the relevant experience, awards or qualifications and they will maintain a high level of safety throughout the session, however, injuries are still possible through contact with the holds and the climbing wall surface. We do not consider the wearing of helmets necessary during childrens sessions. Please read our Helmet policy for more information. All participants must adhere to all instructions given by staff.  
Thank you.
